## PROFILE

Experienced professional with expertise in Electrical/Electronics, software Engineering, and related fields. Dedicated to delivering high-quality, profitable solutions, adept at problem-solving and skilled in analysis, development, and teamwork. Possesses strong computer, communication, and interpersonal skills. Creative thinker, online business marketer, and digital strategist with a track record of turning challenges into opportunities.

## WORK EXPERIENCE

### Softnetix

2024 - PRESENT

Full-stack Developer - intern

- Contributed to the development of web applications, honing my skills in both front-end and back-end technologies while collaborating with experienced developers to deliver high-quality software solutions.
- Gained valuable hands-on experience in software development methodologies, participated in team-based projects, and demonstrated my ability to adapt quickly to new technologies, laying a strong foundation for my future career in the field.

### Basatek Integrated Service LTD

2022 - 2023

Technical Team Lead

- Ensured successful project execution, maintained quality standards, met project deadlines, and satisfied client requirements, leading to high levels of customer satisfaction and project success.
- Cultivated a collaborative and productive workplace, empowering team members to innovate and deliver exceptional results, positioning the company as an industry leader.

### Sea horse oil company Nigeria LTD

2020- 2021

Assistant Electrical Engineer

- Actively contributed to the maintenance and troubleshooting of electrical systems, ensuring optimal functionality and reliability across various operational sites.
- Supported the implementation of innovative solutions to enhance energy efficiency and minimize downtime, thereby significantly contributing to overall operational effectiveness and cost savings.
